**AMENDMENT TO CLAIMS UNDER 37 CFR §1.173**

Kindly amend the attached reissue application in accordance with the following particulars:

**IN THE CLAIMS:**

Please amend claim 1, as follows:

1. (Amended) In a fishing reel which includes a spool for receiving a fishing line, means for winding the fishing line on the spool, a crank drive, a cam drive, and a spindle member connected to the spool, the spool having a longitudinal axis and being displaced to and fro parallelly to the longitudinal axis between reversing positions of the spool at which a direction of displacement of the spool reverses by means of the cam drive which causes the spindle member to also move to and fro parallelly to the longitudinal axis, the cam drive including a guide part having a guide slot which includes sidewalls, said guide part being connected to the spindle member, a gear rotated by said crank drive, a cam stud, and means for eccentrically mounting
